

Canfor North and South Galleries

Dimensions: Canfor North and South are each 27 feet wide and 47 feet long.

Area: each Gallery is 1269 square feet.

Canfor North: 138 running feet of wall space.

Canfor South: 144 running feet of wall space.

Side walls are fourteen-foot high terminating in sloping ceilings.

Gallery temperature and relative humidity are kept within the parameters of generally accepted museum standards (21° C and 47.5% RH). Light levels from overhead track lighting can be easily controlled.

Two exhibitions usually run concurrently.
